

# Maple Systems Attains Inc 5000 Award For Third Year In A Row

Maple Systems Inc.

2010

Maple Systems has been chosen by Inc. Magazine as one of America's Fastest Growing Private Companies for the year 2010.

In these challenging economic times, our customers know full well that they can trust Maple's product line for their crucial automation and control needs.

This award is a touchstone that Maple Systems is backing up that trust with product quality, attentive service and top-notch technical support. We thank the Maple customer for this great honor and we will continue to strive to deliver the best there is to offer — what many simply call "The Maple Standard".
