

Indusoft Web Studio

Effective October 6, 2017

Indusoft Web Studio HMI/SCADA software for Windows: Development + Runtime Package

This package includes one Development license and *one Runtime license*, with support for one Thin Client connected to the runtime (Server). You can either install both licenses on the same station (Hardkey or Softkey) or split them in two different physical licenses (Hardkey and/or Softkey). Indusoft Web Studio development can generate applications for Indusoft Web Studio Full runtime (Windows Desktop/Server), EmbeddedView (Windows Embedded Standard), CEView (Windows Embedded Compact – formally known as Windows CE), and IoTView (non-Windows operating systems). All license levels support an unlimited number of communication drivers (limited by operating system and hardware).

Description	Part Number	Tags	List Price
Control Room for Windows: HMI/SCADA for Desktop/Server <i>Development+Full Runtime package: 64,000 tags, 1 Thin Client</i>	WEB-64520-NT	64,000	\$6,423
Control Room Lite for Windows: HMI/SCADA for Desktop/Server <i>Development+Full Runtime package: 32,000 tags, 1 Thin Client</i>	WEB-32520-NT	32,000	\$5,300
Operator Workstation Plus for Windows: HMI/SCADA for Desktop/Server <i>Development+Full Runtime package: 16,000 tags, 1 Thin Client</i>	WEB-16520-NT	16,000	\$4,500
Operator Workstation for Windows: HMI/SCADA for Desktop/Server <i>Development+Full Runtime package: 4,000 tags, 1 Thin Client</i>	WEB-40520-NT	4,000	\$4,153
Local Interface for Windows: HMI/SCADA for Desktop/Server <i>Development+Full Runtime package: 1,500 tags, 1 Thin Client</i>	WEB-15520-NT	1,500	\$2,344

Indusoft Web Studio HMI/SCADA software for Windows: Development Only

This package includes one Development Only license with support for one Thin Client connected to the development station (Server) for testing purposes during the development of the project. Indusoft Web Studio development can generate applications for Indusoft Web Studio Full Runtime (Windows Desktop/Server), EmbeddedView (Windows Embedded Standard) CEView (Windows Embedded Compact – formally known as Windows CE), and IoTView (non-Windows operating systems). All license levels support an unlimited number of communication drivers (limited by operating system and hardware).

Description	Part Number	Tags	List Price
Control Room for Windows: HMI/SCADA for Desktop/Server <i>Development Only: 64,000 tags, 1 Thin Client</i>	WEB-64520-DEV	64,000	\$2,700
Control Room Lite for Windows: HMI/SCADA for Desktop/Server <i>Development Only: 32,000 tags, 1 Thin Client</i>	WEB-32520-DEV	32,000	\$2,300
Operator Workstation Plus for Windows: HMI/SCADA for Desktop/Server <i>Development Only: 16,000 tags, 1 Thin Client</i>	WEB-16520-DEV	16,000	\$2,000
Operator Workstation for Windows: HMI/SCADA for Desktop/Server <i>Development Only: 4,000 tags, 1 Thin Client</i>	WEB-40520-DEV	4,000	\$1,800
Local Interface for Windows: HMI/SCADA for Desktop/Server <i>Development Only: 1,500 tags, 1 Thin Client</i>	WEB-15520-DEV	1,500	\$900

Indusoft Web Studio HMI/SCADA software for Windows: Runtime Only

This package includes one Runtime Only license, with support for one Thin Client connected to the runtime station (Server). All license levels support an unlimited number of communication drivers (limited by operating system and hardware).

Description	Part Number	Tags	List Price
Control Room for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 64,000 tags, 1 Thin Client</i>	WEB-64520-RT	64,000	\$3,723
Control Room Lite for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 32,000 tags, 1 Thin Client</i>	WEB-32520-RT	32,000	\$3,000
Operator Workstation Plus for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 16,000 tags, 1 Thin Client</i>	WEB-16520-RT	16,000	\$2,500
Operator Workstation for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-40520-RT	4,000	\$2,353
Local Interface for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-920NT-RT	1,500	\$1,444
Lite Interface Plus for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-320NT-RT	300	\$1,212
Lite Interface for Windows: HMI/SCADA for Desktop/Server <i>Runtime Only: 150 tags, 1 Thin Client</i>	WEB-15002NT-RT	150	\$500

EmbeddedView HMI software for Windows Embedded Standard: Runtime Only

This package includes one Runtime Only license, with support for one Thin Client connected to the runtime station (Server). All license levels support an unlimited number of communication drivers (limited by operating system and hardware).

Description	Part Number	Tags	List Price
EmbeddedView Professional for Windows Embedded: HMI for Windows Embedded Standard <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-40521-RT	4,000	\$1,100
EmbeddedView Standard for Windows Embedded: HMI for Windows Embedded Standard <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-15521-RT	1,500	\$515
EmbeddedView Lite Plus for Windows Embedded: HMI for Windows Embedded Standard <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-03521-RT	300	\$400
EmbeddedView Lite for Windows Embedded: HMI for Windows Embedded Standard <i>Runtime Only: 150 tags, 1 Thin Client</i>	WEB-15201-RT	150	\$207

CEView HMI software for Windows Embedded Compact (formally known as Windows CE): Runtime Only

This package includes one runtime license, with support for one Thin Client connected to the runtime (Server). All license levels support an unlimited number of communication drivers (limited by operating system and hardware).

Description	Part Number	Tags	List Price
CEView Professional for Windows Embedded Compact: HMI for Windows Embedded CE <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-42503-RT	4,000	\$980
CEView Standard for Windows Embedded Compact: HMI for Windows Embedded CE <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-920CE-RT	1,500	\$385
CEView Lite Plus for Windows Embedded Compact: HMI for Windows Embedded CE <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-03522-RT	300	\$300
CEView Lite for Windows Embedded Compact: HMI for Windows Embedded CE <i>Runtime Only: 150 tags, 1 Thin Client</i>	WEB-15002CE-RT	150	\$150

Version Updates (from an older version to a newer version)

Update License to a newer version - Indusoft Web Studio HMI/SCADA software for Windows: Development and Runtime Package.

Upgrade pricing is available for customers who want to update the license from an older license version to the latest version (same license level, i.e. tag count configuration). This fee is waived for licenses that are included in a currently valid (renewed) Software Maintenance plan (IND-ASMP-ST).

Description	Part Number	Tags	List Price
Version Update - Control Room: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime Package: 64,000 tags, 1 Thin Client</i>	WEB-64520-UPG	64,000	\$3,854
Version Update - Control Room Lite: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime Package: 32,000 tags, 1 Thin Client</i>	WEB-32520-UPG	32,000	\$3,180
Version Update - Operator Workstation Plus: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime Package: 16,000 tags, 1 Thin Client</i>	WEB-16520-UPG	16,000	\$2,700
Version Update - Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime Package: 4,000 tags, 1 Thin Client</i>	WEB-40520-UPG	4,000	\$2,492
Version Update - Local Interface: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime Package: 1,500 tags, 1 Thin Client</i>	WEB-15520NT-U	1,500	\$1,406

Update License to a newer version - Indusoft Web Studio HMI/SCADA software for Windows: Development Only.

Update pricing is available for customers who want to update the license from an older license version to the latest version (same license level, i.e. tag count configuration). This fee is waived for licenses that are included in a currently valid (renewed) Software Maintenance plan (IND-ASMP-ST).

Description	Part Number	Tags	List Price
Version Update - Control Room: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 64,000 tags, 1 Thin Client</i>	WEB-64520-DEV-U	64,000	\$1,620
Version Update - Control Room Lite: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 32,000 tags, 1 Thin Client</i>	WEB-32520-DEV-U	32,000	\$1,380
Version Update - Operator Workstation Plus: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 16,000 tags, 1 Thin Client</i>	WEB-16520-DEV-U	16,000	\$1,200
Version Update - Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 4,000 tags, 1 Thin Client</i>	WEB-40520-DEV-U	4,000	\$1,080
Version Update - Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 1,500 tags, 1 Thin Client</i>	WEB-15520-DEV-U	1,500	\$540

Update License to a newer version – Full Runtime HMI/SCADA software for Windows: Runtime Only.

Update pricing is available for customers who want to update the license from an older license version to the latest version (same license level, i.e. tag count configuration). This fee is waived for licenses that are included in a currently valid (renewed) Software Maintenance plan (IND-ASMP-ST).

Description	Part Number	Tags	List Price
Version Update - Control Room: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 64,000 tags, 1 Thin Client</i>	WEB-645RT-UPG	64,000	\$2,234
Version Update - Control Room Lite: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 32,000 tags, 1 Thin Client</i>	WEB-325RT-UPG	32,000	\$1,800
Version Update - Operator Workstation Plus: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 16,000 tags, 1 Thin Client</i>	WEB-165RT-UPG	16,000	\$1,500
Version Update - Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-405RT-UPG	4,000	\$1,412
Version Update - Local Interface: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-920NRT-UPG	1,500	\$866
Version Update - Lite Interface Plus: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-320NRT-UPG	300	\$727
Version Update - Lite Interface: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 150 tags, 1 Thin Client</i>	WEB-15002NRT-U	150	\$300

Update Licenses to a newer version – EmbeddedView HMI software for Windows Embedded Standard: Runtime Only

Update pricing is available for customers who want to update the license from an older license version to the latest version (same license level, i.e. tag count configuration). This fee is waived for licenses that are included in a currently valid (renewed) Software Maintenance plan (IND-ASMP-ST).

Description	Part Number	Tags	List Price
Version Update - EmbeddedView Professional: HMI software for Windows Embedded Standard <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-40521-RT-U	4,000	\$660
Version Update - EmbeddedView Standard: HMI software for Windows Embedded Standard <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-15521-RT- U	1,500	\$309
Version Update - EmbeddedView Lite Plus: HMI software for Windows Embedded Standard <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-03521-RT- U	300	\$240
Version Update - EmbeddedView Lite: HMI software for Windows Embedded Standard <i>Runtime Only: 150 tags, 1 Thin Client</i>	WEB-15201-RT-U	150	\$124

Update Licenses to a newer version – CEView HMI software for Windows Embedded Compact (Windows CE): Runtime Only

Update pricing is available for customers who want to update the license from an older license version to the latest version (same license level, i.e. tag count configuration). This fee is waived for licenses that are included in a currently valid (renewed) Software Maintenance plan (IND-ASMP-ST).

Description	Part Number	Tags	List Price
Version Update - CEView Professional: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-425RT-UPG	4,000	\$588
Version Update - CEView Standard: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-920CRT-UPG	1,500	\$231
Version Update - CEView Lite Plus: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-03522CRT-U	300	\$180
Version Update - CEView Lite: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 150 tags, 1 Thin Client</i>	WEB-15002CRT-U	150	\$90

Functional Upgrades (larger number of tags) within the same version

Upgrade Licenses to a larger number of tags – Indusoft Web Studio HMI/SCADA software for Windows: Development + Runtime

The following table provides the price to upgrade existing licenses to a higher level (support for additional tags) within the same version. In order to upgrade to more than one level above the existing license, cumulative upgrade packages can be purchased.

Description	Part Number	Tags	List Price
Upgrade from Control Room Lite to Control Room: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime package: 64,000 tags, 1 Thin Client</i>	WEB-64520-NT-S	64,000	\$1,123
Upgrade from Operator Workstation Plus to Control Room Lite: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime package: 32,000 tags, 1 Thin Client</i>	WEB-32520-NT-S	32,000	\$800
Upgrade from Operator Workstation to Operator Workstation Plus: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime package: 16,000 tags, 1 Thin Client</i>	WEB-16520-NT-S	16,000	\$347
Upgrade from Local Interface to Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Development+Runtime package: 4,000 tags, 1 Thin Client</i>	WEB-40520-NT-S	4,000	\$1,809

Upgrade Licenses to a larger number of tags – Indusoft Web Studio HMI/SCADA software for Windows: Development Only

The following table provides the price to upgrade existing licenses to a higher level (support for additional tags) within the same version. In order to upgrade to more than one level above the existing license, cumulative upgrade packages can be purchased.

Description	Part Number	Tags	List Price
Upgrade from Control Room Lite to Control Room: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 64,000 tags, 1 Thin Client</i>	WEB-64520-DEV-S	64,000	\$400
Upgrade from Operator Workstation Plus to Control Room Lite: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 32,000 tags, 1 Thin Client</i>	WEB-32520-DEV-S	32,000	\$300
Upgrade from Operator Workstation to Operator Workstation Plus: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 16,000 tags, 1 Thin Client</i>	WEB-16520-DEV-S	16,000	\$200
Upgrade from Local Interface to Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Development Only: 4,000 tags, 1 Thin Client</i>	WEB-40520-DEV-S	4,000	\$900

Upgrade Licenses to a larger number of tags – Indusoft Web Studio HMI/SCADA software for Windows: Runtime Only

The following table provides the price to upgrade existing licenses to a higher level (support for additional tags) within the same version. In order to upgrade to more than one level above the existing license, cumulative upgrade packages can be purchased.

Description	Part Number	Tags	List Price
Upgrade from Control Room Lite to Control Room: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 64,000 tags, 1 Thin Client</i>	WEB-64520-RT-S	64,000	\$723
Upgrade from Operator Workstation Plus to Control Room Lite: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 32,000 tags, 1 Thin Client</i>	WEB-32520-RT-S	32,000	\$500
Upgrade from Operator Workstation to Operator Workstation Plus: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 16,000 tags, 1 Thin Client</i>	WEB-16520-RT-S	16,000	\$147
Upgrade from Local Interface to Operator Workstation: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-40520-RT-S	4,000	\$909
Upgrade from Lite Interface Plus to Local Interface: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-920NT-RT-S	1,500	\$232
Upgrade from Lite Interface to Lite Interface Plus: HMI/SCADA software for Windows Desktop/Server <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-320NT-RT-S	300	\$712

Upgrade Licenses to a larger number of tags – EmbeddedView HMI software for Windows Embedded Standard: Runtime Only

The following table provides the price to upgrade existing licenses to a higher level (support for additional tags) within the same version. In order to upgrade to more than one level above the existing license, cumulative upgrade packages can be purchased.

Description	Part Number	Tags	List Price
Upgrade from EmbeddedView Standard to EmbeddedView Professional: HMI software for Windows Embedded Standard <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-40521-RT-S	4,000	\$585
Upgrade from EmbeddedView Lite Plus to EmbeddedView Standard: HMI software for Windows Embedded Standard <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-15521-RT-S	1,500	\$115
Upgrade EmbeddedView Lite to EmbeddedView Lite Plus: HMI software for Windows Embedded Standard <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-03521-RT-S	300	\$193

Upgrade Licenses to a larger number of tags – CEView HMI software for Windows Embedded Compact (Windows CE): Runtime Only

The following table provides the price to upgrade existing licenses to a higher level (support for additional tags) within the same version. In order to upgrade to more than one level above the existing license, cumulative upgrade packages can be purchased.

Description	Part Number	Tags	List Price
Upgrade from CEView Standard to CEView Professional: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 4,000 tags, 1 Thin Client</i>	WEB-42503-RT-S	4,000	\$595
Upgrade from CEView Lite Plus to CEView Standard: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 1,500 tags, 1 Thin Client</i>	WEB-920CE-RT-S	1,500	\$85
Upgrade CEView Lite to CEView Lite Plus: HMI software for Windows Embedded Compact (aka Windows CE) <i>Runtime Only: 300 tags, 1 Thin Client</i>	WEB-03522-RT-S	300	\$150

Miscellaneous

Additional Thin Clients

Any runtime station supports natively one Thin Client connected to it. The following part number allows you to increase the number of thin clients concurrently connected to Server. Even though the limit imposed by the licensing system is 1000 concurrent Thin Clients, physical constraints such as network bandwidth, processing power, and memory may impose lower limits.

Total Number	Part Number	List Price
One additional Thin Client for “Full Runtime” Servers	WEB-TC	\$500
One additional Thin Client for “Embedded” Servers (EmbeddedView, CEView, or IoTVIEW)	WEB-TCE	\$200

License Key

Method used to install the License. **Note: The development software or runtime license must be purchased with each USB Hardkey. Hardkeys cannot be purchased separately without the software/runtime license.**

Description	Part Number	List Price
Softkey <i>Available for all platforms.</i>		Included in the License
USB Hardkey for Indusoft Web Studio <i>Available for Indusoft Web Studio only</i>	WEB-USB-HK	\$75
Metal Case USB Hardkey for Indusoft Web Studio, EmbeddedView and CEView (Runtime) <i>Available for Indusoft Web Studio, EmbeddedView and CEView (nor for IoView).</i>	WEB-CEHK	\$150

Software Maintenance Packages: The Software maintenance package is valid for one year (12 months) and it can be renewed at (or prior to) its expiration date.

Description	Part Number	List Price
-------------	-------------	------------

Standard Annual Software Maintenance License:

Provides technical telephone and email support and version upgrades of products covered for a period of one year (12 months) from date of shipment or renewal.
