

# WebStudio Lite

Effective July 24, 2017

Step 1: Select One Development License. Each Development License allows you to create as many projects as needed on your desktop. Development Licenses for projects over 1500 tags are available on our complete [Indusoft WebStudio Price List](#).

### SCADA / HMI Software Development Only for Windows Standard 7, Windows 7 Pro, and Windows Embedded Standard.

Description	Part Number	Tags	List Price
<b>Local Interface for Windows: HMI/SCADA for Desktop/Server</b> <i>Development Only: 1,500 tags, 1 Thin Client</i>	WEB-15520-DEV	1,500	\$900

Step 2: Once you have developed your project in the Development software, a separate Runtime license is required to run your project on each Maple Systems Light Industrial Panel PC. Select One Runtime License per unit based on the number of tags required in your project. Each Runtime License allows you to run Web Studio on one Maple Systems Light Industrial Panel PC.
